2018	73.8%	10.0%	4.9%	6.0%	5.2%
2019	73.5%	9.8%	5.2%	6.3%	5.1%
2020	64.6%	8.8%	3.2%	18.9%	4.4%

Note that in the table, the 2020 American Community Survey results have been released as “experimental data tables” due to response issues related to conducting the survey during the pandemic period. While the 2020 results are not strictly comparable with prior years, they indicate the general trend in the data.
